

PreK Storybook:

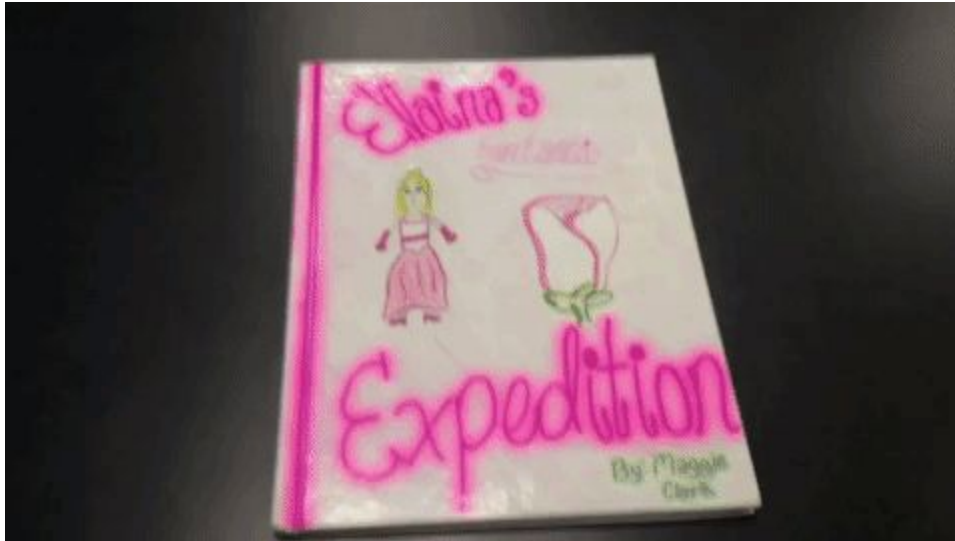

Task: 11-12 sentences conveying a fanciful children’s story based on the interests of your PreK partner (see your interview questions).

Audience: 4-5 year olds. Keep the narrative simple but engaging. Focus on positional words (over, under, through, beyond, near). Create a problem - solution that would interest your reader and keep the ending happy.

Due: March 26th, the Monday after Spring Break. A Google slide presentation with the sentences of your story pasted on each slide (again - a max of 12 sentences + title and *about the author* section). The slides will be a “rough draft” which you can later edit digitally with clip art and designs or use as a template to sketch out designs by hand. You will have time after Spring Break to work in Art with Mrs. Quigley on illustrations, digital editing, and book binding.
